## Description

As one of Moonen's "pocket superyachts", she has a reputation for seaworthiness, comfort and style. Her canoe stern and flared bow make her a safe worldwide cruiser. She cruised extensively, under all weather conditions. She provides comfortable cruising for up to 8 guests in owners cabin and two guest cabins as well as an entirely separated crew area with two crew cabins and a crew mess. The interior is well made in pear wood by Struik and Hamerslag (the Feadship interior subcontractors) in a very classic Dutch style. Special attention is given to the sound and vibration insulation. The large dining in the front separated from the saloon makes dining at all weather conditions in any part of the world possible. On the sun deck, there is a double grill fully equipped with a sink, refrigerator, dishware cabinets, and a custom-made table with an eight-seat cushion around it. The table and the cushions can be transformed into a king-size bed — excellent for al fresco dining as well as sunbathing. The side boarding ladder positioned on the starboard side provides easy access to the tender, and on portside, there is a solid stainless steel swimming ladder for easy access into the water. The flybridge steering position and the spacious sundeck offer spectacular views.
